

## **Liquid Net® for Pets, The Ultimate Flea, Tick & Insect Repellent**

### ***Short Description:***

Repel biting insects such as black flies (gnats), ticks, fleas and mosquitoes without Pyrethrins, Pyrethroids, DEET or d-Limonene! Non-greasy, pleasantly scented, safe for puppies and kittens. Easily protect pets' hard-to-reach spots with our unique orbital sprayer... it works upside-down!

### ***Long Description:***

**Winner of the *Mail Order Gardening Association's Green Thumb Award for 2009, Pet Product News Magazine's Editor's Choice Award for 2008 and Gold Medal Winner at the 2009 NACD Awards (National Association of Container Distributors): Liquid Net® Insect Repellent for Pets in its industry-exclusive orbital sprayer.*** Designed to spray upside-down, it makes it easy to protect pets' hard-to-reach spots with the guaranteed effective, earth-, family- and pet-friendly repellent.

Liquid Net is a safe and guaranteed-effective way to protect your dogs, cats, puppies and kittens from fleas and ticks without exposing them to dangerous chemicals. It contains No Pyrethrins, No DEET, No Pyrethroids and No d-Limonene. Made with oils of botanicals, it is guaranteed to repel ticks, fleas, mosquitoes, gnats, blackflies and other biting insects.

In repellency testing performed by an independent laboratory, Snell Scientifics, LLC, when exposed to the Lone Star and Eastern Wood Tick, Liquid Net Insect Repellent proved to be more than or as effective as DEET solutions typically found in most common off-the-shelf repellent products.

Liquid Net for Pets has a gentle, pleasantly scented formula that's non-greasy and won't dry out pets' coats.
